

EMERGING TRENDS

SEPTEMBER 19

@ GATEWAY SEMINARY

9:30 a.m. to 3:30 p.m.

FREE MINISTRY OPERATIONS SEMINAR

Learn how you can make your ministry operations more effective.

On September 19, our ministry-focused experts will help you overcome pain points in the following areas:

The Intersection of Facilities and IT

- Our church facilities are no longer just “sticks and bricks”
- The rapid adoption of the “Internet of Things” is mainstream
- Why facility managers and IT managers MUST communicate

Navigating New Independent Contractor Rules

- Can musicians really be classified as Independent Contractors?
- Can a part-time Pastor be classified as an Independent Contractor?

Understanding Ministerial Exceptions

- Is a person classified under the Ministerial exception exempt?
- Do you have to be ordained to qualify for the ministerial exception?

Embracing Information Technology

- Discover how to make strategically-wise IT decisions
- Learn to embrace the Cloud
- Managing mobile devices & apps

The Top 5 Financial Issues for Ministries

- Evaluate your current processes
- Learn how to spot problem issues
- Explore how to create a plan to move forward

The Changing Legal Climate for Ministries
