Work Experience

1996-Present

Gateway Seminary - Associate Professor of Intercultural Education

Trustee elected full-time professor.

Classes taught ranged from my most familiar discipline of Intercultural Studies to courses in Education Leadership, Christian Life and Thought, Leadership Formation and Doctoral Seminars. Other campuses taught within the system: AZC, PNWC, and Online Campus. Since 2012, I have also taught in the Korean-English Bilingual (KEB) program.

1993-2005

Biola University, National University - Adjunct Professor

Intercultural studies and diversity training courses were taught at the school of education at Biola and the Culture Language and Diversity (CLD) program at National University

1984 - 1992

Rockwell International, Anaheim CA - Systems Engineer

Research and development of various inertial navigation systems for the department of defense. Feasibility studies using artificial intelligence and neural networks was initiated with Intel Corporation and Stanford University providing support for hardware and software. Supervised the development and fielding of B1-B test equipment. Expert systems were developed to help maintain inertial navigation systems for ICBMs.

Ministry Experience

2007-Present

Pastor, Life Harvest Baptist Church

Network of churches in Los Angeles and Orange County focused on church multiplication to reach the community with the gospel.

1997-2007

English Ministry Pastor, Berendo Street Baptist Church

Ministered to all the groups that spoke English as their primary language (youth, college, young adults, adults).

1993-1996
